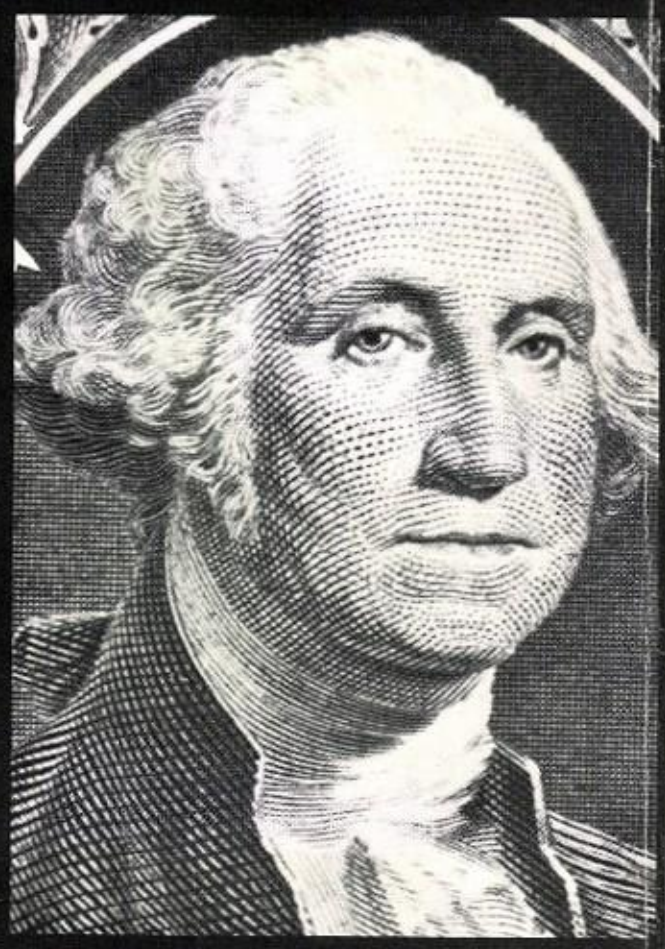
SPIRIT OF '76



This year America celebrates its 200th birthday. We chose the theme, "Spirit of '76" because Americans are alive with the spirit of freedom which our country symbolizes. This spirit can be seen everywhere in the cities of our nation, especially in Dallas and Christian Academy. 1976 symbolizes a new beginning for Christian Academy as well as our country because we graduate our first class of '76 with the Spirit of '76.

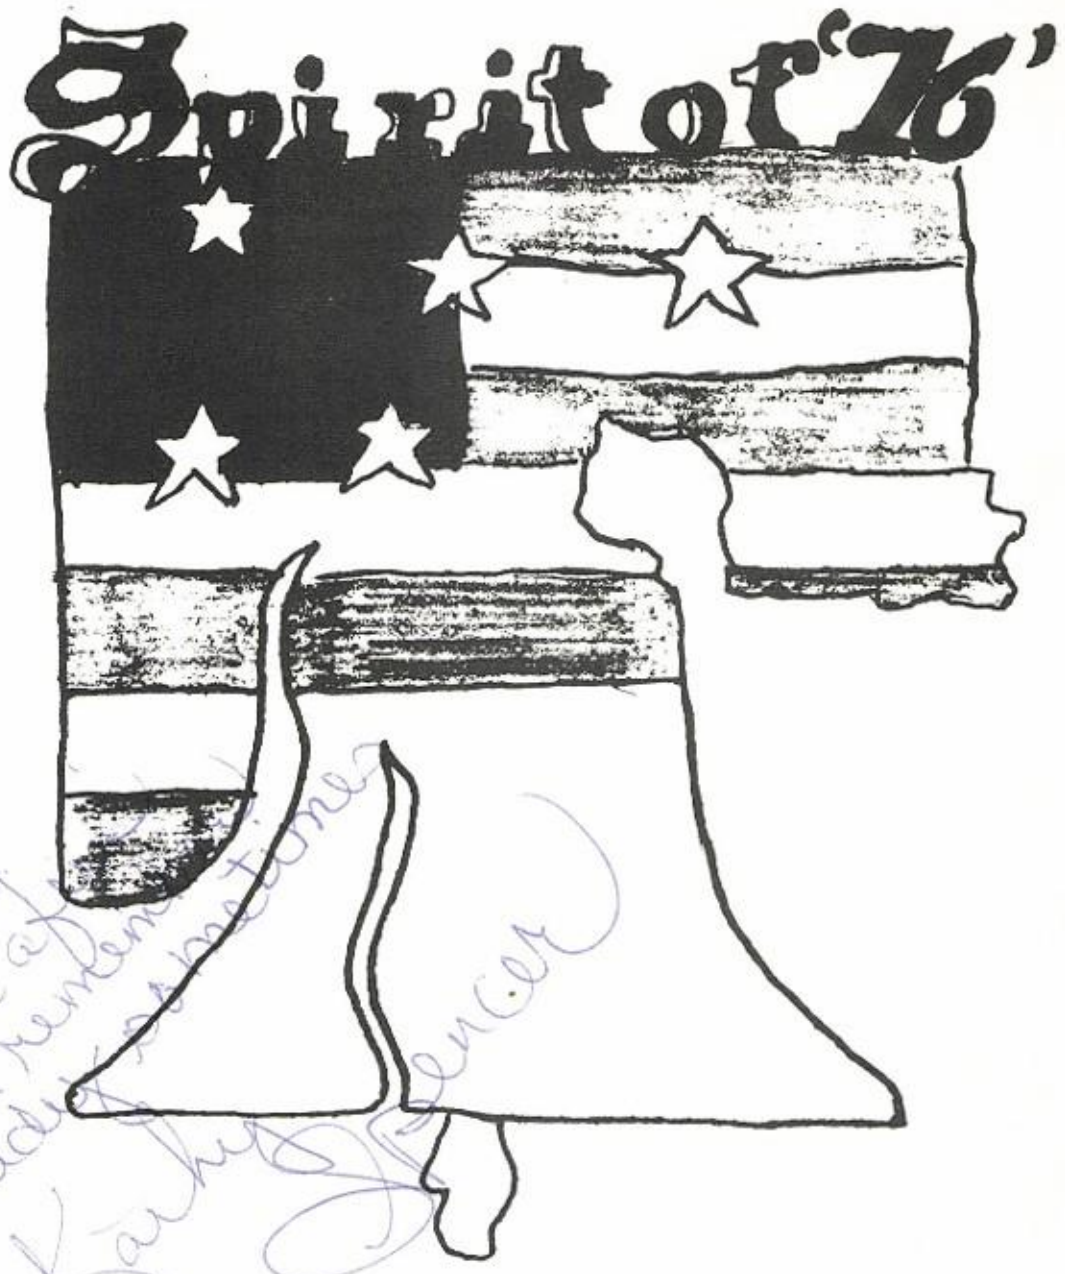
DEDICATION

Larry W. VanSteenberg

Christian Academy dedicates the 1976 annual to Larry W. VanSteenberg. It is fitting that DOULOS THEOS, which means "Servant of God," should be dedicated to a minister of Christ, a true "servant of God" in every sense. Mr. VanSteenberg is not only dedicated to serving God, but to serving Christian education, as exemplified in his work at the Academy. He is minister of the Trinity Oaks Church of Christ, the new location of our elementary facilities. He volunteers his time as a Bible teacher for our high school classes and has served as a dynamic PTO president. He is strong in voicing his conviction and support of Christian education from the pulpit and in all his contacts. He truly "practices what he preaches" - all of his school-age children, (Teah, Lisa, and Chipper), attend the Academy, and his wife, Elaine, often serves as a substitute teacher. It is in appreciation for his many important contributions to our school that we dedicate this "Spirit of '76" annual to Larry W. VanSteenberg.



John,
Good luck to

Just the beginning!

A few years ago the Academy had a few elementary classes, but that was just the beginning. This year the Academy has its first graduating class, but it is just the beginning. The effects of our students on our community, city, state, and nation are just the beginning.

As we look to the future, each hour, each day and each year is just the beginning for everyone. Life is full of opportunities, each of which is just the beginning. Our goal is to prepare each student to take advantage of opportunities as they arise, to begin each day serving God, your community and your country so that they can continue to say - this is just the beginning.

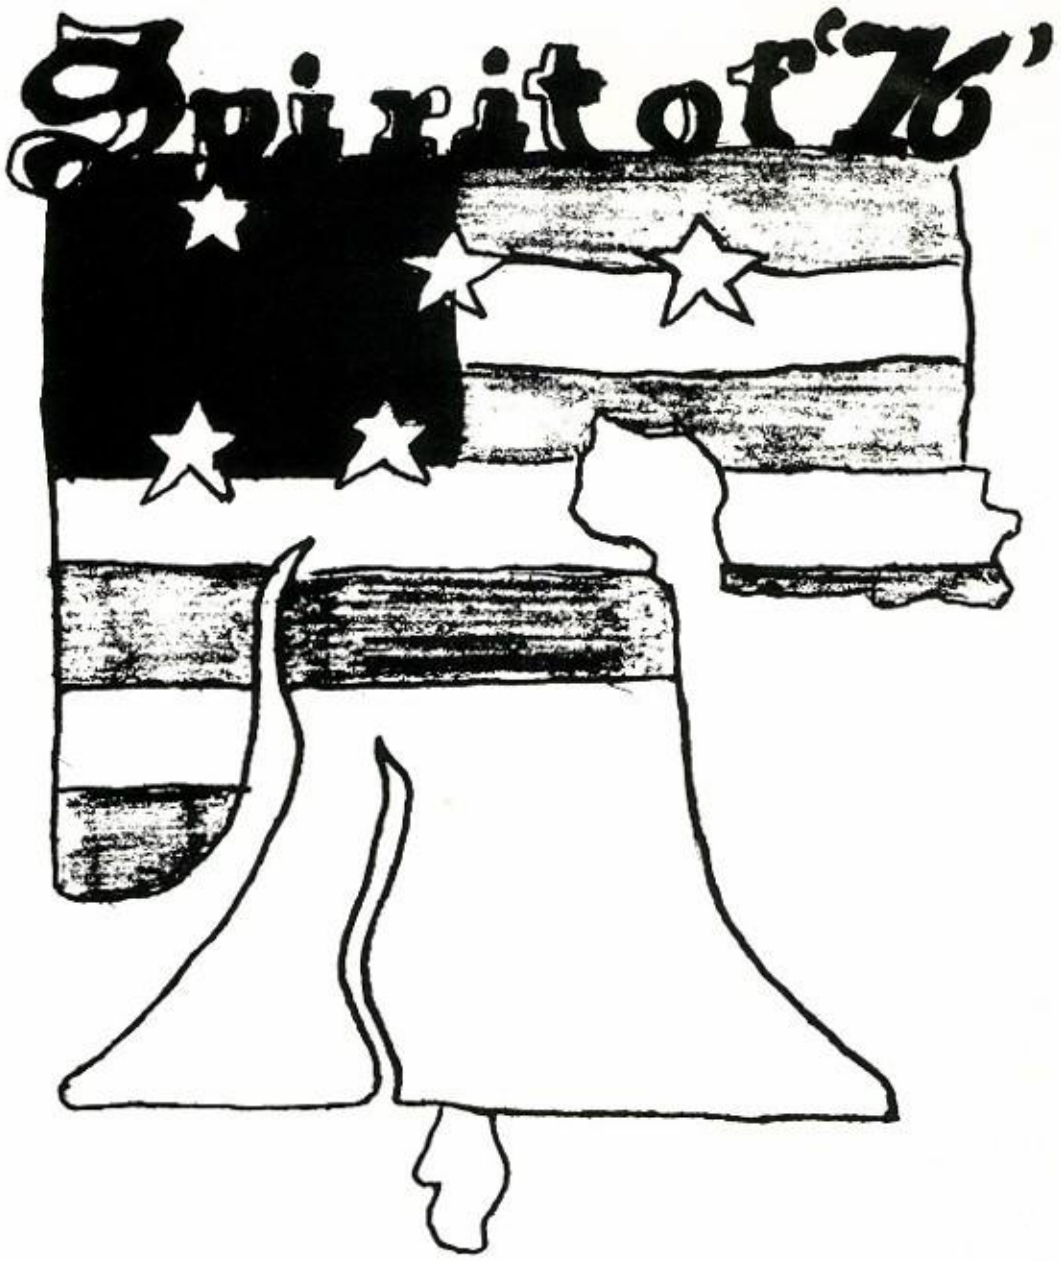
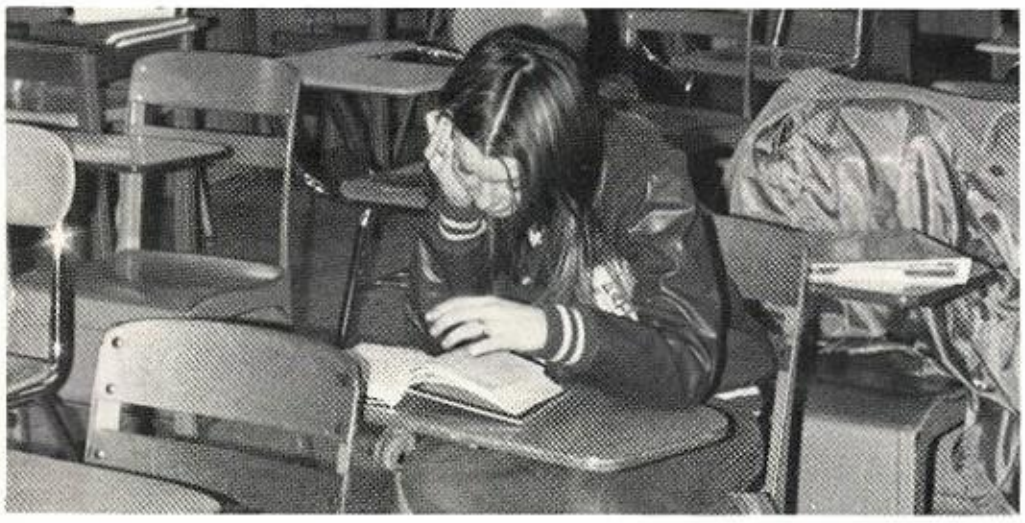
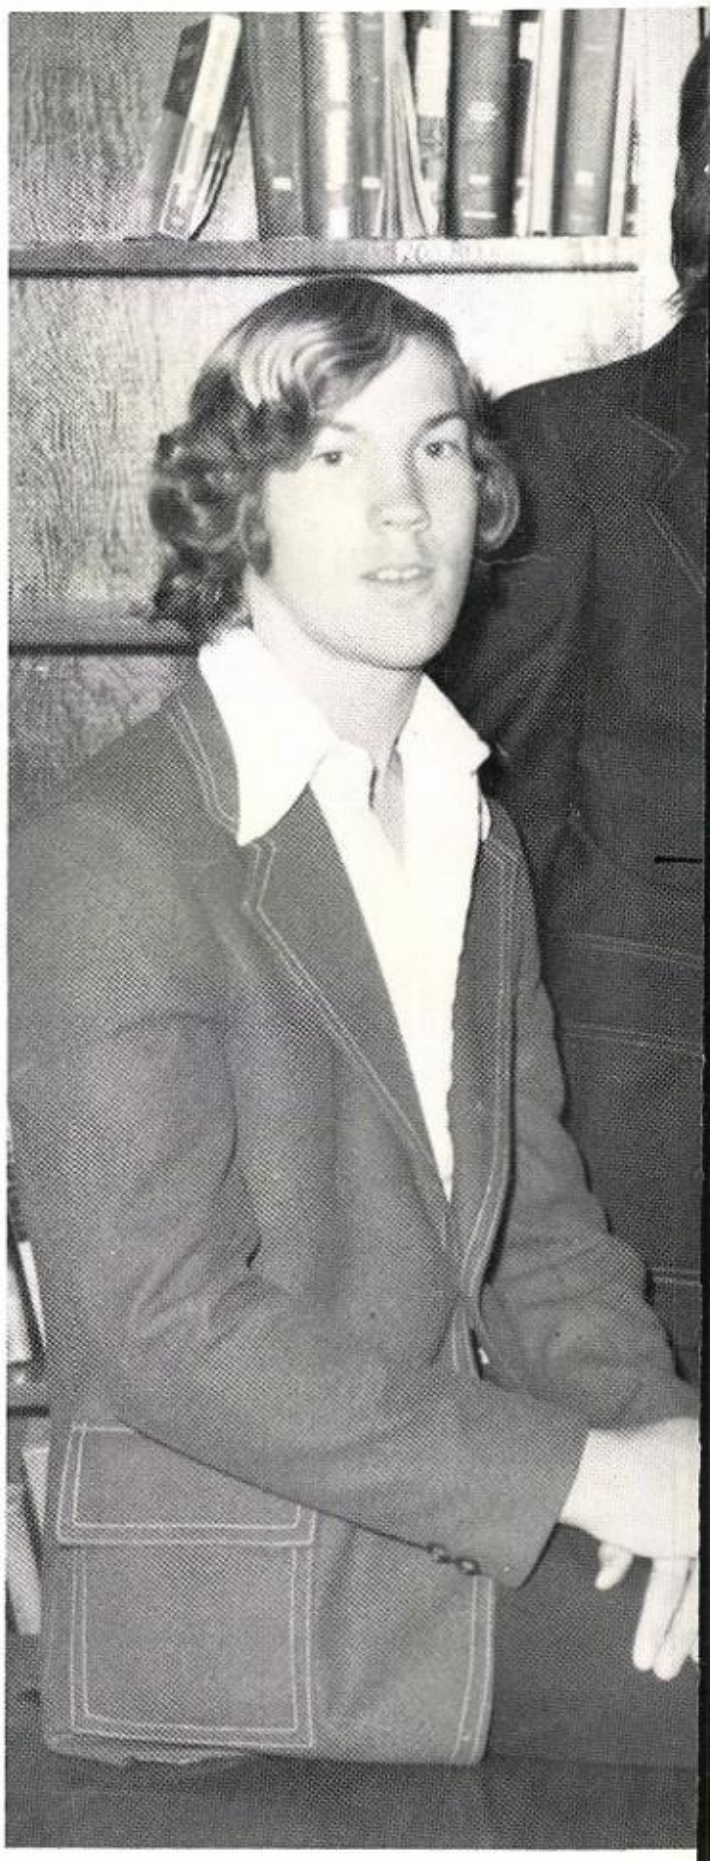
CLASSES



SENIORS

It's graduation and it's unbelievable that I'm here. They'll call my name in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve





years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the three years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.

John,
Don't forget the quadratic formula.

$$x = \frac{-b \pm \sqrt{b^2-4ac}}{2a}$$

John, "fear not death, only fear God". Death will get you eventually, but you gotta get in good with God. Hey man, I've enjoyed playing football with you very much. You are a tough dude! We'll miss you next year, but we'll win State anyway. Good Luck in Life and with the women. Keep it cool in your house.
